Splendor Despite the Fog. London, Nov. 9.-In spite of a thick drizzle and a heavy fog, the ancient custom of presenting the elected chief magistrate of London to the representatives of the sovereign and the people, was observed today with success. In speaking of his anti-foot ball ordinance, Alderman Platke says: "Why do I hitroduce it? Because it is an inhuman game-a game that should have been scoped long ago, Somebody gots burt badly every time a foot ball same is played, and many have been killed. It is the summer of the same that the second of the light any day than a game of foot ball. It leaches school children to be brutal."

It is thought if kely many of the aldermen may take the ordinance servousis and possibly pass it. It would cause consecutation among the layers of foot ball, for it would out a bar to the big rame next Saturday between the Chicago and Wisconein university teams, and to the other big games scheduled for Thanks giving day between the Chicago and Michigan university pleans.

The two families although they live The two families, although they live adjoining each other, are not the best of friends, and have their share of family quarrels. To add to the fur this time, the old gentleman had a "bit of a

was arrested and charged with drunk-enness and chasing his neighbors with a knife. Ferrer claims he had no knife about him, but as this was in Sandy, that doesn't matter in the court, which Ferrer's son-in-law claims was of the kangaroo order, it was proven otherwise.
